

▶ ONTARIO BUILDING CODE COURSES

AVAILABLE WINTER 2016

Safe and efficient construction in our communities requires a high caliber of expertise among municipal building officials, builders, design professionals and other Building Code users.

Detailed Technical training courses provide in-depth technical training of the Ontario Building code, Building Code Act, and associated practices.

COURSES

All courses are located at the Barrie Campus and at a fee of \$320.04 per course plus the cost of course text.
